MEMORANDUM

TO: Mayor Carlos Hernandez, and
Members of the Hialeah City Council

FROM: William M. Grodnick, City Attorney *Wmg*

DATE: October 31, 2013

RE: Approval of Collective Bargaining Agreement between I.A.F.F., Local 1102,
and the City of Hialeah

The proposed Collective Bargaining Agreement being presented for approval is a three-year agreement, covering the time period from October 1, 2013 through September 30, 2016. The proposed Agreement includes monetary concessions in the first fiscal year of approximately \$1.7 million and includes major pension reform representing approximately \$75 million in savings over a 30-year period, which will reduce the unfunded or future liability of the Hialeah Retirement System. The significant changes in the Collective Bargaining Agreement are as follows:

Pension Reform

1. **Change from Non-Contributory System to Contributory System.** The existing system was premised on an employee annuity contribution of 7% to the pension system, which was returned to the employee in lump sum with interest upon separation from the City or retirement or any time after retirement when requested by the employee. The proposed change for each new or future year for existing firefighters (who are not fully vested with normal retirement benefits) and for new firefighters hired on or after November 15, 2013 is a 4% contribution based on compensation based on the amount of salary, longevity and special pay. During the first fiscal year, Fiscal Year 2013-2014, only, existing firefighters and new firefighters hired during the year shall pay a 5%. If the funding of the Pension Plan exceeds 80% funded, the firefighter contribution will be reduced to 3%. If the funding of the Pension Plan exceeds 100% funded, there will be no firefighter contribution.
2. **Full retirement benefits for new employees hired on or after November 15, 2013.** In addition to the 4% firefighter contribution, the point system (age plus years of service with a minimum of 20 years of service) for eligibility of full retirement benefits has been increased from 70 points to 76 points. The annual base pension of \$1,800 has been eliminated. The percentage of the 10-year COLA that is added to a retiree pension has been reduced from 2% per year commencing at age 52 to 1% per year.

3. **Vested or deferred retirement benefits for existing and new firefighters hired on or after November 15, 2013.** For existing firefighters who retire with at least 10 years of civil service and less than 70 points and for new firefighters hired on or after November 15, 2013, who later retire with at least 10 years of service and less than 76 points, retirement benefits will commence at age 59½ rather than at age 55 as so provided in the current pension system. In addition, the annual base pension of \$2,800 is eliminated.
4. **Extension of civil service years with retirement benefits.** Firefighters who have worked in excess of 25 years of actual civil service may receive an additional retirement benefit of 1.5% for each year of additional service up to a maximum of three years. Normal retirement benefits for each year of service for the first 25 years with the 70 points (existing firefighters) or 76 points (new firefighters) is 3%. This represents an additional savings towards future City pension contributions.
5. **Deferred Retirement Option Plan (DROP).** The Plan has been revised to limit the DROP to firefighters in full duty status at time of election and for firefighters who remain in full duty status (not in permanent light duty status) throughout the three years of the DROP.

Monetary Concessions and Provisions

1. **Fiscal Year 2013-2014.** 5% Pension contribution. Birthday leave eliminated. 5 days furlough for 37.5-hour a week firefighters; 4 days for 40-hour a week firefighters and 48 hours or two duty days for firefighters on shift. 0% salary increase.
2. **Fiscal Year 2014-2015.** 4% Pension contribution. 0% salary increase.
3. **Fiscal Year 2015-2016.** 4% Pension contribution . 3% salary increase. Additional 1% salary increase if general revenues for that year exceed \$123 million. Additional 1% salary increase if general revenues for that year exceed \$128 million.

PROCEDURE FOR CALLING IN PERSONNEL ON OVERTIME

Section 1.

Personnel are to be called in on a rank for rank basis. If no individuals in the same rank can be contacted, then individuals from a certified list of the same rank shall be contacted.

Section 2. Advance Notice of Staffing Shortage.

Whenever there is advance notice of overtime personnel needed, the next person on the overtime call list within the needed rank will be contacted. Hours shall be split up between the ranks/personnel in an effort to maintain equality of overtime hours.

Section 3. Non-Advance Notice.

1. Morning Overtime Interest List:

All bargaining unit members able to work the first twelve hours on the shift immediately following their duty day, will submit their name to the Telestaff Overtime Sign up List for Rescue, Suppression or both, no later than 6:00 a.m. on their duty day. The interest list will be sorted by the member with the lowest number of hours in the overtime pool within each rank. In the event of equal hours, the individual with the earliest date worked shall receive the overtime offer first.

This procedure is intended to maximize the efficiency at shift exchange by utilizing personnel that are in the City from the previous shift. Members who signed up should be in uniform with all necessary gear to relieve awaiting personnel. Day shift personnel may participate in this process on their RDO's, Holidays, and weekends. Day shift personnel who submit their names to the sign up list must be present at Fire Station Number One (1) in uniform and with all necessary gear before 7:00 a.m., the morning they signed up for.

2. The appropriate ranked personnel shall be held over from the previous shift in order to maintain proper manning, until properly relieved by oncoming overtime personnel.

3. In the event there are no names in the sign up list, the procedure outlined in Section 4 will be utilized.
4. The second twelve (12) hours will be called in using the same procedure as outlined in Section 4 below.
5. Placing of your name on the list constitutes a commitment of availability to work if needed. Non-acceptance of the OT assignment will result in the hours of overtime offer being charged as well as an additional twelve (12) hours.
6. Sign-up on an availability list will be limited to twenty-four (24) hours in advance.

Section 4. Filling of Vacancies.

1. When a vacancy occurs, whether as noted in Section 2 or Section 3 above, if the vacancy is for twenty-four (24) hours, the vacancy will be split into two (2) - twelve (12) hour segments.
2. The a.m. segment of the vacancy will be filled using the overtime call list, ~~except as noted in Section 3~~ for non-advance notice as identified in Section 3, herein.
3. If multiple a.m. vacancies exist in the same rank, those shall be offered together when filling the a.m. vacancies.
4. After the a.m. ~~half of the vacancy~~ vacancies have ~~has~~ been filled and if a p.m. vacancy still exists, the overtime call list will be used to fill it.
5. If multiple p.m. vacancies exist in the same rank, those vacancies shall be offered together when filling the p.m. vacancies.
6. The individual working the first overtime period (a.m), will be offered the second overtime period (p.m.) after all ranked individuals have been offered the second overtime period (p.m.) for the vacancy and before an individual from a certified list is contacted.

Section 5. Overtime for Probationary Firefighters.

Firefighters will be eligible for overtime after completion of the bargaining unit member's probationary period or if determined to be an emergency by the shift commander. After completion of the probationary period, said individual will have their

overtime (OT) accrual bank adjusted to reflect an amount equal to the highest person in the firefighting rank. They will then fall under all applicable procedures as noted in Sections 2, 3 and 4.

Section 6. Promotions/Status Change

1. Promotions- If a bargaining unit member is promoted; the bargaining unit member's profile will be adjusted to reflect the promotion. If the bargaining unit member's overtime (OT) accrual bank hours carried over from their previous rank are equal to or higher than the hours of the other personnel in the same rank, then no adjustment is needed. If the hours carried over from their previous rank are lower than the lowest person in the new rank, their overtime (OT) accrual bank hours will be adjusted to reflect an amount equal to the lowest person in that rank and slotted accordingly.

Section 7. Recording of time

An overtime (OT) accrual bank will be maintained to keep track of an individual's eligibility and amount of overtime.

Whenever a person is contacted to work overtime and either accepts or accepts then rejects the overtime, the appropriate amount of hours will be added to the bargaining unit member's overtime (OT) accrual bank. The bargaining unit member's position on the overtime call list will be based on the hours in the overtime (OT) accrual bank. A person already working one segment of shift on overtime shall not be charged for declining a second segment of overtime on the same shift.

If however, the person is not contacted before the needed position was filled, then his/her overtime (OT) accrual bank, would not be charged the time.

Division Chiefs will be responsible for entering all overtime into the overtime (OT) accrual banks of those individuals assigned to their division or working in their division on a temporary basis.

All personnel assigned to days will be eligible for overtime provided they meet the standards set by administration.

Therefore, the parties agree that the Department shall have the right and authority to require employees to submit to toxicology and alcohol testing designed to detect the presence of any controlled substance, narcotic drug, or alcohol. The Department agrees that requiring employees to submit to testing of this nature shall be limited to circumstances when an officer of higher rank and the Mayor, or acting Mayor in the event of the Mayor's absence, or the Director of Human Resources have a reasonable belief that the employee is under the influence of such substances, suffers from substance or alcohol abuse, or is in violation of the City's Personnel Rules or Departmental Rules and Regulations regarding the use of such substances. 8. A bargaining unit member who receives a verified positive result may contest or explain the results to the City, by notifying the Human Resources Department, within four (4) days after receiving notification of the positive test result. This includes the right of the bargaining unit member to challenge the results of the laboratory. In this case, it is the responsibility of the bargaining unit member to inform the laboratory of this action and to give directions for the disposition of a sample of the disputed specimen to a certified lab for retesting. To facilitate the testing of a disputed specimen, all positive specimens will be retained by the laboratory in long-term frozen storage for a minimum of 180 days. The bargaining unit member is responsible for the cost of the retest. Chain of custody procedures must be followed in transferring a portion of the sample to the second laboratory.
9. In the event of a positive result, the Fire Chief shall recommend disciplinary action, up to and including dismissal. The Mayor may impose discipline within his discretion and can consider individual circumstances and mitigating factors.
10. If a bargaining unit member has a positive result, but has no prior conduct indicating substance abuse, the Mayor may place the bargaining unit member under a six (6) months supervision agreement with additional testing commencing

upon successful completion of a City-approved rehabilitation program. Testing during this supervision period will be at the discretion of the City. Failure to successfully complete the rehabilitation program or a subsequent positive drug/alcohol test is sufficient grounds for termination.
